

All about me

Rating Descriptions	Beginning
composition	The images are shot in a plain manner, distracting from the composition and leaving image stagnant. Backgrounds are busy or distract from the focus of the image. Little to no consideration of basic photographic composition techniques.
Image Quality	Image is out of focus or extremely poorly exposed
Interest/emotional response/creativity	These picture(s) lacked emotion. They were one dimensional, uninteresting.
Colour, saturation, sharpen, contrast etc	Image hasn't been nicely edited
Meets the project requirements	Photo/project shows no evidence or minimal evidence of requirements, concepts and/or techniques covered, or no project submitted
Wow factor!	this photo needs a little work
Concept	hmmm.... was there a concept? I don't really see anything original there

Developing	Accomplished
Composition lacking some basic techniques. There are some pictures here that could have been more creatively displayed with some variance in angle and technique.	Image composition has potential, but other angles, focal lengths, positioning of subjects and use of composition techniques will improve image. You vary your angles and perspectives, proving to me you were thinking creatively about your subject. Nicely done.
Focus and depth of field do not contribute to a powerful product; slightly out of focus subject	Focus and depth of field somewhat contribute to a powerful product
Audience may need to read the captions or descriptions to understand the context. Picture(s) are somewhat interesting	Some very nice picture(s) here. Good, interesting pictures. The captions/descriptions are needed on a few to add context.
You have mastered the basics, but maybe you overdid it a little, or forgot a couple steps	The colour, saturation, brightness etc all contribute to a good photo
Shows evidence of some requirements, techniques/concepts. Some missing components.	Photo/project mostly meets requirements and demonstrates concepts/techniques.
